

ARMedicaid Insider: Volume 2, Issue 2, February 2017 Arkansas' Upgrade to a New MMIS

Progress on the development of the new Medicaid Management Information System (MMIS) and Healthcare Portal continues for a targeted implementation of mid-2017. This issue of the *ARMedicaid Insider* contains information regarding workshop schedules and registration.

Training is Coming!

Since the implementation of the new Provider Portal is drawing ever nigh, it's time to start considering which method, location, and time of training will be most suitable for you. For your convenience, we will be hosting onsite workshops to train and educate you on the new HealthCare Portal. You will have the option of choosing a morning or an afternoon session in your region. The same material will be taught in both sessions.

Additionally, training on the HealthCare Portal registration process and claims submission will be available online via webinar. Links to available webinars will be posted on the Medicaid website to be viewed at your convenience.

Don't miss out on this opportunity to receive training on this cutting-edge technology! The new HealthCare Portal will benefit providers and beneficiaries alike as it pertains to a variety of functions that are not available on the current website. The following lists the dates and times available for the training.

Training Workshop Schedule:

Time	Audience	Content
9:30 am – 10:00 am	All attendees	Registration
10:00 am – 12:30 pm	All attendees	Navigating the Provider Portal
